

UNAM · FES Acatlán · Maestría en Urbanismo

A map of Mexico with the central region highlighted in yellow. The highlighted area includes the states of Tlaxcala, Puebla, and parts of Veracruz and Oaxaca. Major cities like Mexico City, Toluca, and Puebla are visible. The map shows the geographical context of the study area within Mexico.

The map displays the Mexico City Metro system with various lines and proposed extensions. The legend is organized into several categories:

- Propuesta Anillar Metro** (Proposed Ring Metro): Indicated by a blue line segment.
- Fuerza Capilar (Clasificación Garibelt)** (Capillary Force (Garibelt Classification)):
 - Idóneo ($\geq 75\%$) (Ideal ($\geq 75\%$)): Green circle
 - Aceptable (50–75%) (Acceptable (50–75%)): Blue circle
 - Débil (25–50%) (Weak (25–50%)): Orange circle
 - Crítico (< 25%) (Critical (< 25%)): Red circle
- Metro** (Metro):
 - Metro Línea 1 (Pink line)
 - Metro Línea 2 (Blue line)
 - Metro Línea 3 (Yellow line)
- Transporte Actual** (Current Transport):
 - Cablebús (Blue line)
 - Corredor Concesionado (Purple line)
 - Tren Interurbano (Green line)
- Propuesta Anillar Metro** (Proposed Ring Metro):
 - Metro Línea 4 (Teal line)
 - Metro Línea 5 (Yellow line)
 - Metro Línea 6 (Red line)
 - Metro Línea 7 (Orange line)
 - Metro Línea 8 (Green line)
 - Metro Línea 9 (Brown line)
 - Metro Línea A (Purple line)
 - Metro Línea B (Light Green line)
 - Metro Línea L12 (Gold line)
- Limites Politicos** (Political Boundaries):
 - Limites Politicos (CDMX) (Black line)
 - Metrobús (Pink line)
 - Mexibús (Orange line)
 - Mexicable (Dark Orange line)
 - Pumabús (Yellow line)
 - RTP (Dark Green line)
 - Tren Suburbano (Orange line)
 - Tren Ligero (Blue line)
 - Trolebús (Blue line)
